

The purpose of this document is to provide licensed users of the E2 Shop System with the most up to date information regarding changes made in this release. If you have any questions about this update, contact Shoptech Technical Support at **(800) 677-9640** or **techsupport@shoptech.com**.

Update

-  **FIXED** | Hotspot grid not showing result details
-  **FIXED** | Employee Training Detail information not populating and record cannot be saved
-  **FIXED** | Backlog Summary Detail Report Total incorrect
-  **FIXED** | Gross Amount column on the printed check incorrect
-  **FIXED** | Order Date not being set on printed Purchase Order

What's New

-  **NEW** | Cancel buttons have been added to all detail screens. This new feature allows the user to cancel out of a detail area without discarding changes made in previous screens. 
-  **NEW** | As part of Shoptech's international expansion, users will be able to customize reports by selecting a date format, currency format and page size to address their business needs. In addition, Shop now pulls information associated with the language settings of the browser to establish the date format in the user interface. 
-  **NEW** | Development added a message to the Results column on the Hot Spot Navigator alerting the user an error has occurred with the Hotspot. Previously, Hotspots that generated an error would not display in the Hot Spot Navigator.
-  **FIXED** | Refresh button changes Adjusted Bank Balance on Bank Reconciliation
-  **FIXED** | Work Queue Dispatch Report generating error with a date range
-  **FIXED** | Active Session message generated when no other user is logged in
